CMU Theatre Group to Present Comedy March 9th

The Crawford County Arts Council welcomes to Grayling the Central Michigan University Players on Wednesday, March 9, when they will perform Tom Stoppard's detective comedy, "The Real Inspector Hound."

This humorous "play-within-a-play about two theatre critics watching a thriller" begins at 8:00 p.m. in the Joseph Stripe Auditorium of Grayling High School, and runs until approximately 9:00 p.m. There is no admission charge for "Inspector Hound," but the Arts Council will accept donations to help offset costs for the evening's performance.

The play features Grayling resident Sue Prause, daughter of Robert Prause and Gayle Prause, and a sophomore theatre major at Central Michigan University.

Vikings Draw Whittemore

Grayling's court crew will face Whittemore-Prescott Wednesday, March 9, at 7 p.m. in the opening round of district basketball action.

Houghton Lake will face Roscommon at 7 p.m. Thursday night in the other first round action in the districts held at Roscommon. The winners will square off Saturday, March 12, at 7 p.m. at the Roscommon High School gym.

Grayling wound up in a district with only four teams when Lake City cancelled its basketball schedule following a walk-out by players and Tawas City, another team usually in Grayling's district, was moved to a district northeast of here to make another four-team district.

The Vikings, led by head coach Warren "Butch" Hayes, end regular season play against Rogers City Friday night.

Snowmobiles Recovered in Ohio

Two snowmobiles and a trailer stolen from the Red Barn parking lot Feb. 21 have been recovered in Port Clinton, Ohio.

Ottawa County Sheriff deputies arrested Ohio men in connection with the thefts. One snowmobile taken with the others has not been recovered yet. The Ohio men are also believed to have been involved in a breaking and entering in Antrim County.

In other police news, the sheriff dept. - aided by the Grayling City Police and local citizens - caught two suspects spotted in the Grayling High School Sunday. The two suspects fled the school before deputies arrived but were later taken into custody.

Grayling High School Pre-registration

The process of scheduling students for classes next fall begins this week. High School counselors will be meeting with all classes in order to present the scheduling process, discuss curriculum, and discuss required and possible elective courses available. Teachers will also offer guidance to individual students by making recommendations regarding course selections.

Pre-registration materials must be completed, signed by parents, and returned by Monday, March 7. However, the counselors will schedule an individual appointment with each student for the purpose of insuring appropriate course selections throughout the month of March. Since this process is such an individual matter, parents are encouraged to contact the counseling office regarding any questions they may have or schedule an appointment if desired.

Thursday, Friday, Saturday GHS Players to Present "On Golden Pond"

Members of the Grayling High School Players are putting the finishing touches on the Academy Award Winning play "On Golden Pond" in preparation for their Thursday night, March 3 opening performance. "On Golden Pond" will be presented in three performances at Grayling High School's Joseph Stripe Auditorium. Performances will begin at 8:00 p.m. on March 3, 4, and 5, 1983. Price of admission is \$2.50 and all seats are reserved. Advanced tickets are presently available at the Grayling Mercantile in downtown Grayling and they will be available at the box office each show night, beginning at 7:00 p.m.

Headlining the cast of "On Golden Pond" is Grayling High School veteran actor Tim Taylor in the role of Norman Thayer, the role made memorable by the late Henry Fonda in the movie adaptation of the play. Playing opposite Tim in the role of Ethel Thayer which was played by Katherine Hep-

burn in the movie, will be Grayling High School Freshman Kathy Allen.

Freshman Stephanie Hindmarsh, in her debut role on the Grayling stage, will play the part of Chelsea Thayer, the elderly couple's daughter and the role portrayed in the movie by Jane Fonda. Sophomore Damon Thayer will appear as Bill Ray, the fiancé of Chelsea. Damon is a well known Grayling stage personality and shows great promise for the future.

Freshman Kevin Reynolds will be seen as the flippant 13 year-old son of Bill Ray while junior Troy Haag will play the role of the mailman and Chelsea's old boyfriend.

"On Golden Pond" is one of the warmest works ever written for the stage, and is a play that every member of the family will enjoy. It is a must for every person over the age of 50. There will be only 3 performances of this fine play, and because of the unique construction of the See Golden on Page 6

\$3000 Taken from Legion

Close to \$3000 was stolen from the American Legion Post 106 in Grayling Sunday night. Money was taken from a safe, cash registers, and coin-operated machines.

Grayling City Police have three suspects in the burglary and expect to make arrests Tuesday.

City Police, assisted by the Michigan State Police Crime Lab and the Crawford Co. Sheriff Dept., were tipped off to the suspects by an alert local resident who saw three suspicious men around the Legion Sunday morning before it opened. The citizen wrote down the license number of the car the men were using after it appeared they were "casing" the place.

Landfill Recommendations Made By Special Committee Member

by Jon Thompson

Nineteen recommendations for improving operations at the Crawford/Otsego landfill have been made by county commissioner Don Welser, a member of a special committee investigating the landfill.

Along with the recommendations, Welser outlined these seven possible problem areas at the joint landfill:

- Too many employees for the amount of material and income it handles.
- Checks and balances on incoming money seem insufficient.

- Excessive mileage expenses by landfill board and employees - 14,000 miles last year and 10,000 miles in this year's budget.
- Excessive meal expenses
- Landfill board members approve each other's expenses.

- Road into landfill isn't properly maintained.
- Complaints about lack of courtesy from some landfill employees.

Among the recommendations are the following:

- A new agreement with Otsego County basing financial support from the two counties on a user basis instead of the current

- agreement which uses population. The current arrangement calls for Otsego to pay about 69 percent of bills and Crawford about 31 percent. Welser said the waste currently dumped from Crawford may not reach 10 percent of the total.
- All expenditures by landfill board and employees must be accompanied by receipts and attached to vouchers.
- Hours of landfill should be adjusted to amount of material and income. Less hours during slower months.
- Employees should not collect salvageable goods while working.

- A daily log for incoming fuels and fuels used during operation.
- Three persons from each county serve on landfill board. Since members receive pay for attending meetings, no mileage or travel expenses should be charged for attending in-county meetings.

The special landfill committee of Welser, Larry Mattis, and John Miller will make a report to the board of commissioners in March concerning possible directions for operating the landfill. One option being studied is turning the landfill over to a private contractor.

DNR To Outline Steps To Halt AuSable Sand

By Jon Thompson

The DNR is planning an '84 offensive against a large amount of sand that is threatening a prime fishing stretch in the mainstream of the AuSable.

DNR district fish chief Gary Schnicke said he and other DNR fisheries personnel will be putting together a plan this summer to rid the famous trout stream of an excessive amount of sand moving downstream from Grayling. Schnicke said most of the sand entered the stream when construction crews built I-75 across the river in the early 60's.

The sand has since been slowly working its way downstream and Schnicke said last year he received several complaints that holes in a flies-only prime fishing area from Burton's to Wakeley are starting to fill with sand.

Studies from DNR research biologist Gaylord Alexander at the Hunt Creek station near Lewiston indicate excessive sediments in

streams can reduce trout populations from 20 to 50 percent. Food for trout, spawning beds, and habitat are all affected.

Schnicke said one option for removing the sand coming downstream is a sand trap placed upstream from the campgrounds at the end of Headquarters Rd. the sand trap would be similar to the one installed on the east branch just north of the fish hatchery. A large hole is dug, sand falls into it, and it is removed.

The DNR will also be drawing up plans to remove up to a dozen old beaver dams north of Frederic to lower the water temperature and improve trout habitat. Schnicke said there is a fairly good brook trout population near Frederic but farther downstream the river cuts through swamps, slows down, and there are few springs to cool the water. He said removing the old beaver dams upstream could help the trout population in this stretch of the AuSable.

Jail Inspection Finds Six Areas Below Par

by Jon Thompson

A Michigan Dept. of Corrections inspection last Thursday found six areas in the Crawford County jail below state standards — and that's the good news.

The bad news is the cost for correcting the deficiencies.

In a 21-page study made by Diane Hendricks, from the Dept. of Corrections, only six areas were deemed below par — prompting her to say the jail was a good one. But she said the six areas found lacking must be corrected or plans to correct them must be made within 60 days.

The problem area she said is a top priority to alleviate right away is obtaining air packs similar to those worn by firefighters. She said an officer needs some kind of portable air supply to get back to the cellblock to let inmates out in case of smoke or fire.

"If you don't have air packs and you have a fire in the cellblock, there could be a fatality," Hendricks said, "and it could be an officer."

The air tanks and mask used by local firefighters cost about \$800 to \$1000 for one unit.

The second area Hendricks said was lacking was a multipurpose room. She said Crawford has an outdoor exercise area which was okay in the summer but didn't fill prisoner needs in the winter. She said for a 20-bed capacity jail at least 200

square feet is needed for a multi-purpose room. Ping pong tables, weights, or whatever a sheriff decides can be placed in the room. One study for the Crawford jail placed a \$52,000 cost on adding a 600-sq.-ft. multipurpose room.

The third area cited was bedspace. She said the jail

held 20 beds and Thursday 21 prisoners were being held and a couple of cots were being used. She said more bedspace and cells will probably have to be added to handle the number of inmates put in our jail.

Renovation and addition plans for the existing jail run See Jail on Page 14

Administrator Role In County's Future?

A Lewiston man has offered administrative consulting services to the county two and a half days a week for \$6000 a year.

Paul Goode, a former county coordinator for Montmorency County, city manager of Hudson, assistant administrator at Oak Park Hospital, and administrator at Huber Memorial Hospital, said a skilled consultant will more than offset the hiring costs.

One Crawford County commissioner said a county administrator could cut waste from a lot of departments and a part-time position might just fill the needs of the county.

Goode, in a proposal to the commissioners, said increasing complexities of government along with greater financial burdens call for "new, innovative, and untraditional ways" of delivering services.

Commissioners, however, decided not to act on Goode's proposal right away because of a possible crunch caused by state cuts. Crawford may have to reduce its 1983 budget by \$100,000 if state deferred payments turn into definite cuts.

From Our Corner ...

We like to receive letters that give us a chance to help fill our column every now and then...this past week though, we received one that makes us happy in one respect and envious in the other respect...

Retirement is a blessing for all who have spent practically their entire life working, and for A.J. we are most happy that he will be able to fulfill his leisure time now...herewith is the letter Arnie sent to us last week...

Dear Whitey:

To you and our thirty years of friendship, to my employees and employees, to the many, many friends that I have made (some of them very close), to our customers here, near, and far away, and especially to my Bernie who by her help, and understanding has made my twenty three years here at the Chief Shoppenagons Hotel very happy and memorable. I shall never forget any of you.

Should you feel like a little chit-chat, and want to purchase a little refreshments give me a call, and I'll be glad to join you at the Pioneer Room.

March the 30th, 1983 is my retirement day

Arnie; A.J.; Chief; Arnold J. Mauren
It doesn't seem possible that we have known Arnie and Bernie for that long...they came to the north country from Wyandotte and were in partners with Rack Reichelderfer and his wife Erma who was A.J.'s sister in the Big Wheel gas station south of here at the junction of M-18 and Old 27...when Roy DeWitt of Roscommon bought the hotel and rejuvenated it to what it is today he brought Arnie in to run it for him 23 years ago...A.J. continued on as manager after Theron and Alice White, the present owners purchased Chief Shoppenagons Motor Hotel...

To you Arnie and Bernie, the best of health and happiness in your retirement from the Ol' Fella's Corner...

★ ★ ★

We received a call last week from Lloyd Crawford to see if we knew who to contact when there is to be a dead animal removed from the highway...specifically a dead skunk...I told him danged if I knew...he told me he had called just about everyone who may be connected with anything to do with the highway, and never did get a concrete answer...so if there is anyone of our readers who may know let us know...we remember having a skunk in the basement of the old Avalanche building that we tried to find out how to get rid of it and we were told, give it a wide path and possibly it will leave on its own...it did...but not until it had left its calling card a few times...

★ ★ ★

We spent the weekend in Traverse with T.J., Stefany and folks, and while there we got our flight all set for our trip out west to the city that never sleeps...we do though...as Dane and Cyd live in Henderson some 30 miles south of Las Vegas...we have been watching the papers on the weather conditions out there, and what we have been reading, it could get a bit warmer...maybe in the next couple weeks it will have a chance to warm up...

★ ★ ★

Chuck Fick dropped off a sheet of "Thoughts for Today..." which we will use now and then to help fill this turkey, here with are a few...

You can meet friends everywhere but you cannot meet enemies anywhere—you have to make them.

The straight and narrow path would not be so narrow if more people walked it.

Footprints in the sands of time are never made by sitting down.

This takes care of this week's efforts...good-night T.J., Stefany and Amber...and to all our readers have a nice weekend...spring is just around the corner...

The Bible Speaks

From Calvary Baptist Church

Christian Living Demands Humble Service

Romans 12:3-8

Christian living demands a right relationship toward self and others. "For I say, through the grace given unto me, to every man that is among you, not to think of himself more highly than he ought to think; but to think soberly, according as God hath dealt to every man the measure of faith." Romans 12:3.

A balanced view of self is one of the most needed changes in Christian living. Most Christians think more highly of themselves than they ought to think. Many Christians have this pride mixed with insecurity and it comes out as false humility. On one extreme we have the person who always volunteers to do anything because he feels superior in wisdom and ability to others. On the other extreme we have the person who will do nothing because he is too proud to risk failure.

God wants us to recognize that all that we are and all that we have come from Him and we are to recognize our abilities and use them for His honor and glory. A truly humble person knows his abilities and his limitations and is not self assertive or self restrictive in the daily use of his talents for God.

As members of the body of Christ, each Christian has a place and a function which is to serve all others in the body. "For as we have many members in one body, and all members have not the same office: So we, being many, are one body in Christ, and every one members one of another. Having then gifts differing according to the grace that is given

to us, whether prophecy, let us prophesy according to the proportion of faith; Or ministering; let us wait on our ministering: or he that teacheth, on teaching; Or he that exhorteth, on exhortation: he that giveth, let him do it with simplicity; he that ruleth, with diligence; he that showeth mercy, with cheerfulness." Romans 12:4-8.

The best judge of the gifts and proper exercise of the gifts is the body. Each local church should control the exercise of individual gifts to the benefit of the entire body. Just as each of us has a body with various parts which all function together for the overall welfare of the entire body. So also every member of each local church should function for the benefit of the entire body. This is why active membership in a local Bible believing church is so important in Christian service. Read I Corinthians 12. (adv.)

Provides Infant Adoption Services

The Gaylord office of Community, Family & Children Services provides infant adoption services to residents of Charlevoix, Cheboygan, Crawford, Emmet, Otsego and Roscommon Counties. Reflecting the fact that the need for adoptive homes for healthy infants has decreased markedly in the last five years, the agency's waiting list is closed from time to time. The agency has had a closed waiting list since December 1981.

Effective February 1, 1983, the agency is once again taking names and addresses of couples interested in adopting and attending an orientation meeting to be held in late spring. This meeting is open to anyone interested in information about adoption.

Additional information may be obtained by contacting Ellen Campbell at Community, Family & Children Services, 202 W. Mitchell, Gaylord, MI 49735 or telephone (517) 732-5313.

"FLOW ON MIGHTY MANISTEE"

This is one of many writings created by Marjorie Rowes daughter Kathy Dee who resides in Yucca Valley, California with her family. In her spare time when she isn't working at the Betty Ford Foundation Kathy writes childrens short stories along with her poetry of which some have been published. This one was written due to the love she has always had since 1949 when she was 7 years old for her home on the Manistee River.

By Kathy Dee

FLOW ON MIGHTY MANISTEE

Your pure cold waters
icy sparkling liquid
Soon your ice flows
will be melting
snow will run into you
The breath of life you supply
man and animal alike drink from your fountain
your nourishment always yielding
Your banks that dress you
for every proper season
always we see your secret
The tales you tell
you and your icy water
they sing a song of God
Soon your waters will be filled
with canoes every rainbow color
nature lovers all are we
How could we survive without you
our mighty Manistee
flow on, flow on forever
Generations have admired and praised you
you could never keep your secret
flow on you beautiful river

When a corporation buys some of its own shares, these are called treasury shares.

"A democracy, that is, a government of all the people, by all the people, for all the people; of course, a government after the principles of eternal justice, the unchanging law of God; for shortness sake, I will call it the idea of freedom."

The New Dream

By Rev. Thomas A. Bruno
Minister of

The Congregational Church
Roscommon

Will Rogers once said, "I never met a man I didn't like." I think he was ahead of most of us. Although I cannot recall his ever explaining exactly what he meant, I like to think he regarded everyone equally, looking for the goodness in them.

In every creature that God has created, there is goodness. Sometimes, however, that goodness is driven out by a negative or bad experience. Sometimes that virtue is lost in a world that could, for the most part, care less.

Criticism will never bring out the goodness in that other person, but usually brings out the worst. Only love and acceptance can bring out the best in the other person. Part of the key is to look for goodness in the other person. That is something I am not sure we are actually doing.

Two years ago, I tried an experiment. You might consider the same experiment. I singled out a teen-ager that I wanted to get to know. I talked to her every time I had a chance. Not only did we become friends, but my positivism toward her brought out her positivism.

If you are working in a negative environment, I can guarantee you that after a while you will be surprised that you are becoming critical and negative. The worst usually brings out the worst in you.

Often I tell husbands and wives who are having marital problems not to play on the weaknesses of their mate. It isn't fair to have your companion, who knows your weakness, begin to use them against you. Yes, look for the good! Emphasize the good, and the good will come out! Not only from our marriage but ESPECIALLY FROM OUR CHILDREN. After all, the person closest to you has the potential to bring out the BEST in you. Unfortunately, the opposite is also true.

Two thousand years ago, a Man who was also God walked upon this earth. There were many negative things which occurred not only to His disciples but especially to Him. Yet one thing is obvious in His approach to every person He encountered: He sought to bring out the best in them!

We are all capable of great things, but we need an attitude which will bring those great things out. When you begin to realize not only what a special person you are, but also the other person, you bring back to life the whole person—a person capable of loving, giving and contributing to life.

Why not start today to bring out the best, not only in yourself but in that other person!

Tax Alternatives Under Discussions

Discussions over alternatives to Governor James J. Blanchard's tax proposal, which include a possible three-phase income tax proposal, or a trade-off to an increased sales tax, have begun between the governor and House leaders.

Although no agreements were reached, both Speaker Gary Owen (D-Ypsilanti) and Minority Leader Michael Busch (R-Saginaw) said they were encouraged at the willingness of both sides to negotiate.

Busch said negotiations will continue but any agreement to any proposal still is contingent upon receiving administration revenue estimates for 1983-84 and implementing higher budget cuts than the \$225 million recommended by the governor.

Owen said the governor is willing to look at any proposal so long as it eliminated not only the current budget deficit, but the accrued deficit.

The first alternative under consideration favored by both Owen and Busch, would increase the income tax in three parts over a period of 18 months.

Each portion of the proposal would be in place for six months each.

In the first part, the income tax would be increased to 5.6 percent until July 1, then raised to 6.5 percent until January 1, 1984, when the tax would revert to the current rate of 4.6 percent.

The tax increase would raise an estimated \$1.2 billion over the 18 months - \$308 million for the first six months, \$589 million for the second and \$327 million for the final six months.

The July, 1983, increase to 6.5 percent is designed to coincide with

the 10 percent federal income tax cut.

The second proposal would enact Blanchard's raising the current 4.6 percent tax to 6.5 percent but calling for a special election on raising the sales tax to 5 percent.

If the sales tax increase were adopted, the income tax increase would expire on October 1. If the sales tax increase were not adopted, the permanent income tax increase would remain in place.

Busch said the proposals so far are based on Blanchard's estimate of the \$900 million deficit for the current year. There still is disagreement on that figure, he said, but both proposals will raise revenue sufficient to cover that deficit.

Owen said he did not think the June, 1984, elimination date would permit raising enough revenues to cover the 1983-84 expenditures.

Busch, however, said the good thing about the income tax is that it would be a true temporary tax. "Going beyond that June, 1984, date gets more into a permanent thing," he said.

Busch added that though Republicans want more than the \$225 million in cuts as proposed by Blanchard, he was not going to call for a minimum level above that. "I don't want to emasculate everything with cuts, but we can make more cuts without hurting essential services," he said.

Busch said eliminating the \$800 million accrued deficit - not covered by either alternative - was still open to discussion.

"We've got the cigarette tax money, that's \$100 million a year we're putting into that. If they want to pay it off faster than that, then we can talk about putting in extra money," he said.

Gen-Tel Opens Phone Mart Customer Service Booth at GSB

General Telephone announced today its customers will be able to obtain phone service through its new "self-service" Phone Mart Customer Service Booth which opened Wednesday, February 16 in the Grayling State Bank, 305 Michigan in Grayling, according to Bob Kowalski, division manager for General Telephone's Northern Division.

The Customer Service Booth is an expansion of the GTE Phone Mart concept which allows customers to select from a display of a wide variety of phone styles and colors and equipment available for home use. The booths act as a self-service showroom, telephone instrument exchange, pick-up and delivery point, all in one, the division manager added.

The display at the booth is supplemented with brochures and catalogs explaining equipment features and describing decorating ideas using modern telephone designs and colors.

After a selection is made,

To The Editor:
In the past 11 years, the community has supported the fund raising activities of the Grayling Rotary Club. In turn, the club has conscientiously used the money to aid local causes and individuals in need.

In the course of planning and executing the various activities, non-Rotarians have generously donated their time and energies to make the endeavors successful. These people should be recognized because they care for their fellow man.

To identify all of them would be too unreasonably space consuming. Hopefully they will realize that we and the community recognize their rather quiet way of lending a hand.

One group, however, should be singled out for special praise. The Louise Hayes Dancers have spent many hours preparing for the Rotary Minstrel Show. The girls not only give us a dance routine but then "pitch in" as bit players to round out the show. As was obvious to the audience at the recent show, they even willingly help to locate props and wade in to provide backstage smoothness.

Those who participated include of course the hard working choreographer and dancer Louise, and Stephanie and Jini Hindmarsh, Jenny Alef, Sheryl Clark, Autumn Sopsak, Shawn Lovely, Kathy Golic, Robin Sellers and George Morse.

It is that kind of support, representing a community togetherness, that makes Grayling and Crawford County a great place to live. Let us never forget that good people who care, reside here.

A million thanks, girls, from 62 Grayling Rotarians and a total community of supporters.

Enlists In U.S. Air Force

Tami L. Henderson, 20, of Roscommon, has entered the United States Air Force's Delayed Enlistment Program (DEP).

According to Staff Sergeant Mark A. Holthus, the Air Force recruiter here, Ms. Henderson's entry into the DEP allows the Air Force to schedule an opening for her to attend basic training and be assigned to a job or skill area. Ms. Henderson is a 1980 graduate of Taylor Center High School.

Ms. Henderson will enter the Regular Air Force on March 29, 1983. Following graduation from six-week basic training at Lackland Air Force Base, Texas, she will receive technical training in Law Enforcement and be assigned to an Air Force duty station.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

Somewhere during my pursuit of logging history, I read a vivid description of an old-time bunkhouse where a crew slept and spent what little idle time they had. They slept two men per bunk in double deckers placed endwise to the wall in order to save space. The bottom of the bunk was split poles or boards covered with tar paper to discourage the bedbugs (small game in the bunks). The tar paper was topped with a layer of hay or hemlock boughs which in turn was topped with four rough wool blankets, one to sleep on and three to sleep under. The smell emanating from dirty wet clothes drying over a near red-hot stove which was surrounded with drying boots, the rank smell of unwashed bodies, tobacco smoke and the occasional jet of tobacco juice evaporating on the stove so penetrated the logs of a bunkhouse that years after the building had been abandoned to the elements, you could still detect that peculiar odor.

Maybe it is just imagination, but there seems to be a unique odor which emanates from the earth at such a location, or maybe it stems from the knowledge of what once was.

Bits O'Talk

by Fay Bovee

Paula Nunn, Patrick Nunn, and Jennifer Naour were guests of Holly Nunn at Eastern Michigan University, weekend before last, at Little Sibs Day on the campus. They took part in the obstacle course in the dorm, swimming and a carnival planned for them. The Melvin Nunn took them down and brought them back and they all attended the funeral of Mr. George in Livonia on Monday. Our sympathy to Sandy Reynolds in the loss of her father.

Gerry and Jackie Sabon and son, Christian, of Mt. Clemens, were guests of her parents, Mr. and Mrs. LeRoy Christian, on the weekend of February 19.

Mr. and Mrs. Don Gravelyn were in Grand Rapids last weekend where they visited their daughter, Shirley, and stayed with Don's brother and family, the Harry Gravelyns.

Bob and Fay Bovee spent the weekend in Grand Rapids where they joined the rest of his family, the Ron Moores of Gobles, the Bill Zimmermans of Livonia, and the Rev. Keith Bovees of Marne.

It is with a touch of sadness that Grayling says goodbye to George and Joanne Olsen as they leave for Atlanta, Georgia, to make their new home. George has accepted a new position in that area and we wish them well in their new home and job.

Joe and Terri Wakeley and daughter, Meg, spent the weekend in Westland visiting her family, the Bill Bixlers, and Joe's brother and family, the Art

Wakeleys. Ginger Rice, of Grayling, held a mock Snowshoe Golf Tournament at her house Monday, Feb. 21. Out-of-town players included Anita Doran, of Lake Linden, Jean Laraway, of Lansing, and Betty Lou Vuichard, of Southfield. Local snowshoe golf contestants included Caroline Golnick, Doug Artcliffe, and Nora Scheys. First place was won by Anita Doran, who on Sunday also won first place in an Eucher tournament at Scheys Timber Room. A cocktail party and dinner followed the snowshoe tournament. Salvation Works
An RLDS Witness

Because I believe the reader is capable of receiving and interpreting the revelation of truth by the power of the Holy Spirit I will only list King James Bible references, to which most of you have access. The Book of Mormon references will be written. You may obtain Books of Mormon at the Library for general reading. However, only the Herald Publishing House copy will match my references.

The word SALVATION is used to mean, 1) the act of saving; rescue; 2) the setting free of the soul from sin and death; 3) that which saves. The Reorganized Church of Jesus Christ of Latter Day Saints believes that salvation is by faith in the Lord Jesus Christ, Acts 16:31-33 accompanied by obedience, Heb. 5:8-9, to the principles of the doctrine, Heb. 6:1-3. That is Faith, Repentance, Baptism (by immersion) for the remission of sin, Laying On of Hands for the gift of the Holy Ghost, Acts 8:14-17, Resurrection of the dead, Acts 24:15, and of Eternal Judgement, Rev 20:12, 13. Which brings us to WORKS which we believe is a matter for the Judgement. Works are a reflection of the love of Jesus Christ as expressed through His People. As we grow in Christ's love we are more aware of the needs of others and empowered by His Holy Spirit move to fill these needs. Many people do good works. But works by themselves without a declaration for the Lord Jesus has no power of salvation unto eternal life with God the Father and His Son Jesus Christ.

Book of Mormon, 600 B.C., I Nephi 3:46 "and even six hundred years from the time that my father left Jerusalem, a prophet would the Lord God raise up among the Jews, even a Messiah; or, in other words, a Savior of the world. He also spoke concerning the prophets, how great a number had testified of these things, concerning this Messiah of whom he had spoken, or this Redeemer of the world. Wherefore, all mankind were in a lost and in a fallen state, and ever would be, save they should rely on this Redeemer." 124 B.C. Mosiah 1: 117 "For, behold, he judgeth, and his judgment is just, and the infant perisheth not that dieth in his infancy; but men drink damnation to their own souls except they humble themselves, and become as little children, and believe that salvation was, and is, and is to come, in and through the atoning blood of Christ, the Lord Omnipotent." A.D. 25-29, III Nephi 2: 103 "I have reason to bless my God and my Savior Jesus Christ, that He brought our fathers out of the land of Jerusalem (and no one knew it save himself and those whom he brought out of that land), and that he has given me and my people so much knowledge to the salvation of our souls."

It is my hope that you may see from this far too brief commentary that we do use the Bible as our standard, and Christ Jesus as our Savior.

Team Takes 5th Reynolds Wins State Crown

Karyn Reynolds hobbled off her crutches long enough Monday to capture first place in the state slalom finals and fourth place in giant slalom to help Grayling take fifth in the state.

Reynolds and Heidi Derenzy, Kris Laudenslager, Madelyn Thomas, Carol Longworth, and Kris Casler raced to the best finish ever for a GHS girls ski team placing behind Cadillac, Traverse City,

Birmingham Marion, and Grand Blanc.

"We were happy with our results," said head coach Mike Wieland, who pointed out all the teams who finished ahead of Grayling were class A or B schools.

"You could say Grayling is the class C state champion," he said.

Especially pleased with the outcome of Monday's races at Crystal Mountain is Karyn Reynolds, who became GHS's first state ski champion despite being injured. She crashed last Thursday trying to qualify for the national junior ski championships and bruised her thigh all the way to the bone along with cutting her face.

After treatment Friday and over the weekend, a specialist determined she couldn't hurt her leg any worse by racing and told her she could compete if she could stand the pain.

In the slalom run with quicker turns Wieland said Reynolds was able to get off her injured leg quicker and she held up long enough to take first as the only girl to crack the 50-second time.

In the giant slalom, Wieland said the long cranking hard turns took their toll on Reynolds.

"In the videotapes you could see the leg was just killing her," he said. She was 8th after the first run and then came in second on the next run by racing more on her healthy leg.

Kris Laudenslager placed 15th in the giant slalom as the next best finisher for GHS and placed 61st in slalom. Heidi Derenzy came with a 23rd in giant and 41st in slalom. She was in 10th place after the first slalom run before falling.

Kris Casler placed 29th in the slalom and 38th in the giant. Carol Longworth placed 30th in slalom and 41 in giant. Madelyn Thomas placed 39th in slalom and 61st in giant.

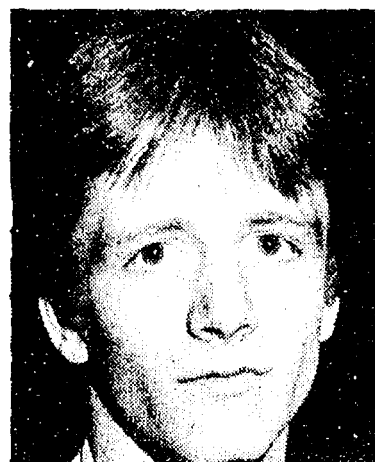

Wieland said the Vikings will be looking forward to another good year next season as they lose only one senior, Kris Casler, and Heidi Bendig, who was in Florida during the state meet, will be back racing.

Wrestlers Roll On, 7 Head To Finals

Steve Sauve kept his record perfect at 43-0 last Saturday and seven Vikings won medals earning slots in the state finals.

Sauve, at 138 lbs., John Solomonson, at 167, and Jim Piper, at 145, all captured first place in regional competition at Hart.

Dan Meldrum, at 126 lbs., took a second. Tim Moore, at 98 lbs., and Chris Krajenka, at 112, took thirds. Ron Wyman, at 132 lbs., took fourth.

The seven Vikings will wrestle in the finals Friday and Saturday at Middleville near Grand Rapids.

"You can't believe how hard our kids have worked to get this far — how much effort they've put in," said head coach Don Ferguson. "They've been getting up at 7:30 a.m. to run three miles before school. Then they run a mile before and after practice at night. And they've been doing this since the conference meet Feb. 5."

Ferguson brought home an award of his own from the regional tournament. He was named regional coach of the year — one of eight coaches in the state honored. It was the second time

Ferguson has been named regional coach of the year.

Grayling came out second in team totals with 110 to White Hall's 118 despite beating them in head-to-head competition. Grayling had three champions to White Hall's single champion and Solomonson and Piper defeated White Hall opponents in the finals. But White Hall took 11 wrestlers to the regional meet and placed nine. Grayling took ten and placed seven.

Sauve will try for a perfect season Friday and Saturday and Solomonson will try to improve on his 40-2 record. Piper heads into the finals with a 36-5 record. Meldrum is at 38-5, Moore 30-12, and Wyman 32-14-1.

There are only 16 wrestlers left at each weight vying for class C honors. Last year Grayling sent the same number of wrestlers to the finals and wound up with a third place finish — the highest ever for Grayling.

Last year Grayling had only one regional champion compared to three this year but Ferguson didn't want to make any predictions.

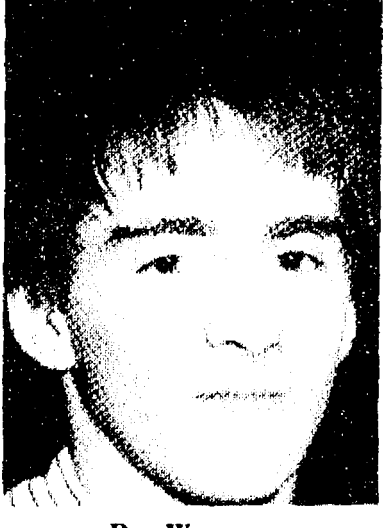

Sauve, Solomonson, Piper, and Meldrum all are making repeat visits to the finals. Last year Solomonson took second in the state and wound up with a 42-4 season record. Sauve finished fifth last year at state and Piper and Meldrum earned team points toward a Grayling third place finish.

Girls Face Rogers City In Districts 1st Round

Grayling volleyballers will know what they're up against this Saturday when they meet Rogers City in opening district action at Kalkaska.

The two conference foes have met twice this season with Rogers, led by all-state

candidate Teresa Hudak, winning three matches.

The taller Hurons took two from Grayling last Wednesday here after it looked like Grayling might have found the answer for winning. Grayling's Jenny Riker, a

sure all-league pick this year, blocked the first spike attempt by the 6'1" Hudak, made a diving save, and then scored on a spike of her own to pump up the Vikings early.

Grayling, with superior bumping and setting, failed to take advantage of offensive opportunities, though, and Rogers City pulled away in the first game 15-6 on their strong spiking.

Rogers City continued the spiking barrage with four strong hitters and Grayling fell short on blocking assignments losing 15-5.

The Vikings came back in the second match fighting to a 13-13 tie before falling 15-13. The second game of the second match went to Rogers City 15-6.

Grayling will try to finish in third place all alone in the league Wednesday against Gaylord in the Viking's last home game.

Grayling came back after a double loss last Thursday to Gaylord St. Mary's to pick up four wins in a nine-team tournament Saturday. Grayling took two from Sault Ste. Marie, split with St. Ignace, split with Petoskey, and dropped two to U.P. champions Brimley. Brimley lost to Rogers City in the finals.

Wendy Savallisch led Grayling in serving Saturday with 21 out of 21 serves. Jenny Riker, playing in a new role as setter, put up 60 sets without a miss the entire day. Riker also led the team with 16 blocks. The next highest total for a Viking was two blocks.

Shelly Trenary, Ikuyo Inoue, Melissa McEvers, and Riker also hit better than 95 percent on their serves. Head coach Becky Brown said Trenary, McEvers, Savallisch, and Riker led the team defensively and she said the girls are starting to play together well again.

"We're looking to have a good week," Brown said. "The Rogers City match will be a big one at the districts. The winner of that match could win it all."

The J.V. squad lost both their matches to Rogers City and Gaylord St. Mary's, dropping close second games each time before winning the third. They lost 15-4, 15-13, 3-15 against Rogers City and 15-6, 16-14, 7-15 against Gaylord St. Mary's.

Editor's Mailbox

To the Editor:

Two weeks ago, I wrote a "letter to the editor" asking for your opinions on and solutions to Michigan's economic crisis. I was pleased with the overwhelming response and heard from literally hundreds of my constituents, and I appreciate the input you have given me and the Michigan Legislature.

In nearly every letter, I was strongly informed that a permanent income tax increase was unacceptable, and a temporary tax increase received only token approval. However, a one percent increase in the state sales tax was highly recommended, as was the repeal of the sales tax exemption on food and drugs.

And everyone agreed that the size and scope of government must be scaled down and further budget cuts need to be included in any economic recovery package. In virtually every letter, it was evident that the voters of this state want meaningful budget reductions, fewer programs, and less bureaucracy. And you all agreed that now is the perfect time to make substantial and permanent changes in the structure of Michigan government. I could not agree with that sentiment more.

Most of you pointed out your awareness that budget cuts alone would not solve Michigan's current fiscal dilemma, but that cutbacks would prevent future economic crises. And the solution for the short term would be a one percent increase in the state sales tax.

If we are to increase the state sales tax, or repeal the sales tax exemption on food and drugs, we would need a special election by the people, as mandated by the Michigan Constitution. However, if an increase in the state sales tax was not approved by the voters, I believe some members of the Legislature would regard that as a message from the people to increase the income tax.

As your Representative to the Michigan Legislature, I will do all I can to prevent a permanent income tax increase. I will also continue to use my position on the House Appropriations Committee to see to it that meaningful and permanent budget cuts are made, and that the scope and direction of Michigan's state government meets the approval of its citizens.

Again, thank you for writing and sharing your thoughts with me. And for those of you who wrote to me for the first time, I hope you will continue to express your views and ideas. I greatly appreciate your efforts and support.

Sincerely,
Ralph Ostling

WORK WITH COMPUTER—On Tuesday, February 15, Mrs. Yates, special education teacher, and Miss Williams, kindergarten teacher, came into Mrs. Bovee's room and caught up on their homework. Aided by Robert Harrington, the two women worked on the computer in the class.

The fifth graders have been working on the computer along with third graders. The teachers will come again tomorrow and maybe a few other days. Tomorrow they will be aided by Paula Nunn.

Pictured above from left are Miss Williams, Mrs. Yates, and Robert Harrington. By Teresa Ferguson, 5th grade.

Chamber Chatter

By Joyce Kolka

Our first outdoor group has returned from the Detroit Fairgrounds reporting a good response from the general public. We are looking forward to seeing these visitors in Grayling this summer.

Congratulations to Butch and Brett Stockton, Dave Shepherd and Jeff Kolka, & Mike Laing and Bill Schmidt who were the winners of the Klondike Canoe Race. Chamber members donating prizes were: Big Boy, Chief Shoppenagon, Holiday Inn, Pizza Hut, Grayling Restaurant, Dawson's, Sawmill, and McDonald's.

Also, Congratulations to our Grayling Wrestlers and Coach Don Ferguson who won the District Tournament. We're all very proud of you!

Little feedback has been received about the proposed trout fishing contest scheduled for opening weekend, April 30-May 1. There is a need for volunteers to work on the contest committee.

Speaking of the opening weekend of trout season, the Think Spring Giveaway of a 15 foot canoe will also be awarded then. Plans call for a drawing in the Grayling City Park at 1:30 p.m. on May 1. Tickets may be purchased from Chamber Board Members or at the Chamber Office.

Recently we have been in touch with television stations in an effort to establish a line of communication about the happenings in Crawford County. The feeling in the Chamber has been that all too often we have missed a "viewable moment" because there is no precise contact.

After many hours of studying our budget and the dues structures of other communities, the Chamber Dues Committee has prepared a proposed dues structure for our Chamber with reduction in the minimum dues schedule and it will be submitted for approval at the next Board of Directors meeting on March 10th. Those hard working committee people were: Sherry Hanson, United Federal Savings; John Alef, Grayling State Bank; Mark Hammill, Elias Big Boy; Rick Harland, Milltown Traders; John Cherven, C.P.A. and John's Hallmark. A big Thanks for a job well done.

My Own Two Feet

I didn't need God! Used to boast about how I could stand on my own two feet.

Then came the broken leg. With lots of time to think and little to do I began to discover another dimension of our existence. We aren't simply "on our own." Some divine purpose links our life to the Creator. Seeking that purpose and striving to fulfill it — that's what life is really about.

I started going to church on crutches.

The leg is fine now, except for that ache when it's going to rain. My larger view of life continues to enrich each day.

And I'm finding it easier to attend worship — on my own two feet!

Ash, Washington hawthorn & Norway spruce. Other species available are red and white pine; blue spruce; and autumn olive, a wildlife shrub.

For further assistance on species, planting, costs, etc., contact the Crawford-Roscommon Soil Conservation District for a copy of the 1983 Spring Tree Program. Call 275-5231; or write or stop in at P.O. Box 156, 409 Lake Street, Roscommon, Michigan 48653.

about \$800,000 and a new jail is tabbed at \$1,700,000.

Hendricks also said all the sinks and toilets are in terrible condition and should be replaced.

"All you have to do is go visit the jail and you'll know what I'm talking about," she said.

Shower curtains should be bought to replace sheets now serving as curtains because too much water is reaching the floor outside the shower, and finally, no education programs are offered to the inmates, she said.

Equine Expo

by Ann Stephenson
4-H Youth Programs

Horsemen, are you looking for a unique program that will help you with your equine concerns, plus become aware of the many equine opportunities in Northern Michigan? Then "Equine Expo" is for you. It is a full-day event to be held Saturday, March 12, 1983 at the Alpena County Fairgrounds in Alpena.

The day-long event will begin at 10:00 a.m. with a special session on conditioning the halter horse, performance horse, the speed horse and the trail horse. Horse housing, exercises for riders and a style show will complete the a.m. activities.

In the afternoon, learning sessions will deal with feeds & feeding, equine vaccination programs, trimming & shoeing and a tack auction.

The evening program will feature sessions on horses and the law, plus equine reproduction.

In addition to the learning sessions, horse farms, breed associations, feed dealers and tack shops will have special exhibit booths in operation all day. Special movies will be shown periodically, as well as drawing for door prizes. Meals available during the day.

Special resource people include Dr. Ken Gallagher, Gary Gleason, Dr. Lynn Switzer, Gary Gawel, Richard Long, Don Bartosh & Jerri Rem.

There is something for everyone at the "Equine Expo".
